#### TERRITORIAL MINING NOTES.

Superintendent John Kasser, of the Live Oak Copper Mining and Smelting Company, has increased the force at the mine in order to take out ore for sbipment. The mine continues to look well. Ore bins will be erected as soon as the lumber order arrives.-Arizona Republican.

The Columbia smelter, A. E. Crepin manager, will, it is expected, renew active operations soon after the holidays. An abundance of ore in the Harshaw and Washington districts awaits smelting, and it is probable a long run will follow the resumption of operations. -Tueson Citizen.

V. P. Bozeman of the Corona Gold Mining Company is at present stopping at the Bessemer in Bisbee. Mr. Bozeman is waiting for the arrival of a stamp mill from the east which will be taken from Naco to their mines about eight miles south in Mexico, where they have some very valuable gold mines. - Arizona Republican.

The United Globe mines at Globe have installed an eighteen k.w. general electric machine at their smelter to light the smelting plant, office, library, lodging and bearding houses, and to furnish power to run a power hammer. band saw, and to haul slaw. Two are lights have been put in at the smelter and tested and it is the intention to add four more. The plant will be in operation pext week.

W. J. Clack, owner of several good silver claims in the Arivaca district, and a prospector of some note, is making a temporary stay in this city. He informs the Citizen that one of his mines, the Horn Silver, his best claim in Arivaca, produces good milling ôre, running 400 onoces to 2,200 ounces silver, and might pay to put in machinery even at the present low price of the white metal.—Tucson Citizen.

R. W. Baxter says there is great deal of life in the mining camps near Wickenburg. The Butte and Boston company is working extensively upon the Hamlyn properties in the Black Rock district, and at the King Solomon group they are rinking a number of 100 foot shafts Denver people are working the McIntosh properties with considerable success, and we look to see some mills put in there soon. The Black Rock district is coming to the front fast, and it will no doubt become one of the best mining districts in the territory with the development of the mines there. - Arizona Republican-

The Old Stiff mine, near Oco Blanco, resumed operations a few days ago under the management of Messrs. Smith and Meyers, who have bonded the property. Mr. Smith is reported to have dropped a little wad of \$5,000,000 in the gold fields of South Africa, the returns of which were not cash, but a large increase of experience. These after investigating the most famous mining regions in the world, came to Arizona, and find enough in sight to induce large investment, while so many some new field of venture. They now employ thirty men in mine and mill together, and expect to increase the force as soon as places can be provided for them. - Tucson Citizen.
